PROFESSIONAL MEDICAL DIPLOMAS

JB&JS | MRC OXFORD

In partnership with The Journal of Bone and Joint Surgery (JBJS) and the Miller Review Course Oxford

JBJS Paediatric Trauma Diploma

A structured online programme covering the assessment and surgical management of injury in the immature skeleton. The diploma is pitched at ST6+ trainees and post-CCT surgeons, including adult orthopaedic consultants who see paediatric trauma in district general hospitals.

Taught live by practising specialists you can question. Each one-hour session on Zoom is a 45-minute talk built around cases, then 10 to 15 minutes of your questions to the speaker. Recorded for the weeks you miss.

STARTS	LIVE SESSIONS	FEE	ENROL BY
Mon 15 Feb 2027	12, Mondays 18:00 UK	£840	Sun 14 Mar 2027

What it covers
